

I Can Make A Difference

"Everything that you do will always come back to you,"
So my mom always says.

She says to be nice and respectful,
So I listen to her and try so hard to do as she says.

She gives me good advice, as most mothers do.

But it's up to the child to do as she says.

If everyone would take their mother's advice, the world
would be different.

That's why I listen to my mom,
And try to make a difference.
