

I Dream

I dream

To teach kids about life.

I dream

To teach kids to be the best they can be.

I dream

To teach kids to follow their goals.

I dream

To teach kids about how we are all equal.

I dream

To teach kids about how we don't live in a perfect world.

I dream

To teach kids about how to survive in this world,

How we only need people to love us and care about us,

How sometimes life gets tough, but we still have to stick to it.

I dream

To teach kids to dream big.
